

Do I Have Emerald Ash Borer (EAB)?

| | | |
|------|--|---|
| STEP | <p>1 I think my ash tree may be infested with Emerald Ash Borer.</p> <p>→ Go to step #3</p> |   |
| STEP | <p>2 I suspect I have seen an Emerald Ash Borer.</p> <p>→ Go to step #5</p> |   |
| STEP | <p>3 Is my tree an ash?</p> <p>→ If yes, go to step #4</p> <p>→ If no, go to step #7</p> | <p>Review this guide www.mda.state.mn.us/news/publications/ext/ashtreeid.pdf</p>  |
| STEP | <p>4 Does my ash tree have symptoms of Emerald Ash borer?</p> <p>→ If yes, go to step #5</p> <p>→ If no, go to step #7</p> | <p>Review this guide www.emeraldashborer.info/files/E-2938.pdf</p>  |
| STEP | <p>5 Are the symptoms or insects EAB look-alikes?</p> <p>→ If yes, go to #7</p> <p>→ If no, go to #6</p> | <p>Review these guides www.mda.state.mn.us/news/publications/ext/eablookalikes.pdf OR www.mda.state.mn.us/sitecore/content/Global/MDADocs/pestsplants/eab/eabreference.aspx</p> |
| STEP | <p>6 It could be EAB.</p> <p>→ Contact the U of M Forest Resources Extension to find an EAB First Detector near you: treeinfo@umn.edu or 612-624-3020</p> | <p>www.forestry.umn.edu/extension/index.html</p>  |
| STEP | <p>7 It isn't EAB; so, what is it?</p> <p>→ Visit the University of Minnesota Extension "What's Wrong With My Plant" website to diagnose the problem.</p> | <p>www.extension.umn.edu/gardeninfo/diagnostics/deciduous/ash/index.html</p>  |
